1st Class

Welcome to your department!

Certification

You must prove your skills and scores with documents. In order to work in a good line of business, you should get training and certificates related to both your field and your field.

Grade Point Average

It will be important to have a high grade point average in double major, minor, exchange, internship, job and postgraduate applications. Your grade point average is the one thing you can't change after graduation!

Let's start!

The first impression for the employer is your CV! To improve your CV, you should take various trainings and gain work-internship experiences.

SWOT Analysis

To know yourself; you should see your Strengths and Weaknesses, and be aware of your Opportunities and Threats.

Internship

You must determine the public or private sector where you will do your compulsory or optional internship.

Individual and Team Sports

Every individual who does sports means a successful and healthy individual.

Social Activities and Clubs

You should make university life fun, useful and active. With these activities, you gain the ability to deal with social problems around you in cooperation with your friends.

Hobbies

You should get a hobby that aligns with your goals. Engaging in something you enjoy, helps reduce your stress.

2nd Class

You are at an important crossroads. You can now apply to various programs. The last bend before being thrown into life!

Exams

Don't forget to apply for the DGS (Vertical Transfer Exam)!
You should start preparing for the Associate Degree KPSS, which is held every 2 years.

Social Media

You must manage your accounts on social networks correctly and effectively.

International Office

You can participate in national and international exchange programs (such as Erasmus+, Mevlana, Farabi).

Programs Switching, Double Major and Minor Programs

You can now apply for programs switching, double major and minor branches.

Job Experience

While at university, you must gain work experience by doing an internship and working as a part-time worker.

Job Seeking

You should follow the internship and job posts. You should apply with your CV that you have created by improving yourself.

Congratulations!

Graduated!

Alumni Information System and Alumni Card

You must be a member of the alumni information system. You can also get an Alumni Card if you want.
